

# Now available in LED!

# occu-smart<sup>®</sup> Motion Sensor Controlled Bi-Level Lighting

When integrated with occu-smart technology, LED luminaires reduce energy consumption and feature long life and reduced maintenance. Bi-level dimming options are also available.

Many of our decorative fixtures are now available with our new LED light engine!

- Units may be eligible for utility rebates
- ADA Compliant
- L70 > 50,000 hrs
- CRI > 80
- UL and ETL listed

### LED Features:

Energy savings of up to 65% and an average of 30W (over fluorescent)

Super high efficiency (over 110lu/W)

Saves an average of 30W

No hum or flicker

Mercury free

Available in 13W or 20W

2700K\*, 3000K, 4000K\* and 5000K\*

13W = 1600 board lumens  
{equivalent to (2) 13W CLF}

20W = 2200 board lumens  
{equivalent to (2) 26W CLF}

## *We only use high quality, leading brand LEDs*

Monitor (MTRN) - with ultrasonic or unobtrusive high frequency motion sensor for bi-level operation

Luna (LUOS) - Decorative shade luminaire featuring motion sensor controlled bi-level technology (available in several fabric patterns)

Shade (SHOS) - Decorative shade luminaire featuring occu-smart technology (available in several fabric patterns)
